EVENT IDEA –

Contain three parts

1. WORKSHOP
- A workshop will be conducted for those who have no idea about game development

2. DEVELOPMENT
- Develop a game we used to play as kids – ex- floor is lava,kick the can,etc
- One game will be chosen among these
- Then group of 10 or 15 people will be divided to develop the game
- Whoever will develop the most innovative game will win

3. GAMING
- The game developed by the winning team will be introduced to everyone and competition will held in it.
